GIRL CHAMPS TO PLAY KRAFTILE SATURDAY NEARBY

**PUBLIC INVITED TO WATCH
SATIN-CLAD WOMEN RE-
DUCE MEN'S TEAM AT
CENTERVILLE**

An exhibition game for the enjoyment of Township sports lovers is scheduled for 8 o'clock Saturday evening on the Washington High school lighted field when the satin-clad Alameda County Girl Champions show the Kraftile ball team just how nightball should be played.

There will be a men's non-league curtain raiser played first, before the main event.

This renowned girls' team, organized five years ago by O. W. Fisher, with the Alameda city fire department, as manager, fought through county and state competition to land in Chicago in 1938 where they won the national championship by turning back a women's runner-up club by the score of 3 to 0.

IRMA DUTRA
Left fielder

In 1939 they went east again and successfully defended their title for another year by downing a women's outfit from Louisville, Kentucky by the breathless score of 1 to 0.

The satin-clads go to Chicago again this summer for an opening game on September 4, according to Manager Fisher.

The girls wear costly blue and gold satin uniforms—not exactly designed for base-sliding; though the players can and do slide in them.

Miss Irma Dutra, employed by the local Kraftile organization for the past six years, and Miss Kay Cole, living until recently at Irvington, now working at Salinas, are the two local members of the 15 girl team.

The champs defeated the male champs of Humboldt county at Scotia last weekend by the close score of 4 to 3; the week before they turned back a San Francisco men's bond team by a 2 to 1 decision on the Del Monte polo field.

This club has not been beaten by a girl's team since May 1937 and is the only woman's club in baseball history ever to win the national championship twice in a row.

RED CROSS CLOTHING
CENTERVILLE — Red Cross workers are supplying clothing for European war sufferers at the request of the Oakland Chapter, according to Mrs. Allen G. Norris, township chairman. The assignment consists of 20 layettes, 12 sweaters and 12 shawls to be shipped on August 15. The work is being done at home instead of in the sewing rooms, now that the schools are closed.

State University Seeks Enrollment Of Student Pilots

An expanded Civil Aeronautics Authority program will allow the University of California Extension Division to train 220 new pilots under the summer session course, Boyd B. Rakestraw, assistant director of the division announced this week.

The complete course, including 72 hours of ground school and up to 50 hours of actual flight instruction, will be offered qualified applicants without charge. The new quota allotted the University marks a 40 per cent increase over last year's when 150 students were trained in connection with the national program which instructed 10,000 fledgling pilots. Anyone between the ages of 18 and 26 who is eligible for admission to a school approved by the Civil Aeronautics authority may apply for the free flight training, but preference will be given to holders of degrees from a CAA-recognized school, to students enrolled in such a school during 1939-1940, and to those who have completed two years of collegiate instruction, in that order.

Applications for the three-month course, to be held on the University campus starting June 17, are now being taken at any Extension Division Center in the bay area, and, because of the short time remaining, students are urged to secure full information and application blanks from one of these centers immediately. Applicants will be required to pass the standard CAA physical examination before acceptance.

IRVINGTON MAN PASSES AWAY NEAR 95TH BIRTHDAY

IRVINGTON—On the day that he was to have celebrated his 95th birthday, Julius Schuldt of Irvington was given final rites at the Berge Mortuary. Interment was made in the Odd Fellows cemetery here with Reverend Vernon Brown, pastor of the Newark Presbyterian church officiating.

The deceased, though failing for several years, seemed to be all right on Saturday when he visited in San Jose and worked in his garden as was his custom. He became ill during the night and passed away after a few hours. He is survived by his widow, Lily, and two children, Fred of Seattle and Miss Edda Schuldt of Oakland.

Dr. and Mrs. George Holeman have returned home after visiting a few days in Riverside.

follows; Misses Emily Amaral, Bertha Levi, Irma Dutra, Kay Cole, Tillie Souza, (Capt.) Jessie Lesslie, Willie Turner, Ruby Johnson, Maxine Grolla, Bernice Amaral and Phyllis Pimental.

Miss Dutra of Irvington is known to her public as the feminine Bab Ruth, while Miss Cole, also of Irvington though not the big star of the team, puts on a mean comedy act that always wows the house.

Sports lovers will have a rare dish served them Saturday evening at Centerville! And by the way—Kraftile is near the cellar in the Township Softball league's play thus far this season.

Eat 'em up, Girls!

P.T.A. Play Will Be Given Again Wednesday Evening

"Leave it to Mother," a comedy in three acts will be presented at the Niles Grammar School auditorium next Wednesday night for the benefit of the Country Club of Washington Township.

This is a repeat performance of a production given by the Parent Teachers Association of the Niles school several weeks ago which was received enthusiastically by a capacity house. All friends of the Country Club are urged to cooperate by attending, according to Mrs. Loren Marriott, president. Mrs. Roland Bendel, prominent club worker and a past president of the Country Club as well as founder of the Niles P. T. A. will play the title role. Romantic leads are taken by Miss Patricia Duffey, formerly active in Stanford dramatics and daughter of Mr. and Mrs. Lester Duffey of Niles and Warren Jones of the landscape department of the California Nursery Company.

The lead character role is taken by Niels Nielsen, also of the California Nursery, who will play the part of the village Shylock. Also particularly applauded in the last production was Elizabeth Lindsay, daughter of Mr. and Mrs. W. T. Lindsay of Niles who had a leading role in the recent senior play at Washington Union High School. Others in the cast, each of whom did an excellent job in portraying their particular roles are Mrs. Reginald Calhoun, president of the Niles P. T. A., Mrs. C. N. Myrick, Mrs. A. B. Leaske, Postmaster Ed Enos, Mr. and Mrs. Jolly Batcheler and their pup, "Junior," and Russell Ross in the role of the eccentric Englishman.

The play has been directed by Berkeley Buckingham, WPA recreational director.

BLAME TRUCK STRIKE!

Thursday Noon: press time and a nice paper waiting to be "put to bed." But no paper to print it on!

Five hundred pounds of stock ordered Monday, normally delivered here Tuesday (two days ago) not received yet, and probably piled up at railway freight depots in San Francisco or Oakland account of the truckmen's strike.

Business of editor driving to San Francisco Thursday afternoon and bringing back enough stock in his car for this week's issue.

So—in spite of our best efforts this issue is a day late.

You may use the word 'BLAME' in the heading either as a verb—or as an epithet! — W.W.

Mrs. Creed Domenici is cleaning out the former Niles Machine shop opposite the postoffice, preparatory to having the premises operated as a welding shop by an Irvington man.

Do You Like . . . ? ?

. . . Your Township Register in its new "dress"?

Smaller pages, but more of them.

Eight pages this week, all local news and all home print.

The smaller pages permit better display of advertising, are easier for the reader to handle, permit "departmentalizing" of subject matter, grouped on separate pages, such as editorial, social, church, etc.

Lastly, the smaller sheet is more in keeping with the standard for small weekly newspapers, and admits of more attractive make-up.

We hope you like your rejuvenated Township Register.

MILITARY FUNERAL ACCORDED VETERAN KILLED ON FRIDAY

Military funeral services for Anthony Silva Perry, 46, World War veteran were held at the Presidio Tuesday following mass at the Corpus Christi church. His death took place after he was struck by a truck on the Centerville-Decoto highway Friday night. His car had run out of gas and he was walking home when the accident happened.

He is survived by his widow, Mary, and four children, Frank, Bernice and Lorraine of the Niles Grammar School and Herbert, a member of this year's graduating class of Washington Union High School. Flowers were sent by both schools.

The deceased was a native of Bedford, Mass., and had been a prominent painting contractor of this township for many years. He was a member of the Washington Township Post of the American Legion which held special services at the Berge Mortuary Monday night.

PROTECTION SOUGHT

Extension of fire protection in Old Adobe Acres and vicinity has been asked by the Niles fire commissioners, according to E. E. Dias secretary. Replacement of the two-inch with a six-inch main and three additional hydrants have been requested in a letter to the Public Utilities California Corporation in San Francisco. Considerable reduction in insurance rates should result from the new installations.

'Streamlined' Station Opens At Irvington

Saturday evening will bring the grand opening of the "streamlined" Union Oil station operated by L. J. Furtado at Irvington.

The flood-lights are up, a Neon sign has been installed, porcelain and enamel signs have been placed about the building and a new lubrication cabinet has been installed near the hydraulic lift. Fresh paint has completed the modernization job.

There will be favors for the ladies and souvenirs for customers such as key-tainers, Triton Oil can banks and sample containers of glass cleaners.

Company flags will be raised Saturday signalling the completion of this latest improvement to the business life of Irvington and district motorists are invited to inspect Mr. Furtado's fine new service station.

FIRE CONSUMES OLD RANCH HOUSE NEAR WARM SPRINGS

WARM SPRINGS — Fire which started from an oil stove on the second story destroyed the old ranch house on the Souza place Monday morning and left two "Okie" families destitute. The fire was discovered by two mothers when they heard screams of their children confined with mumps to their beds on the second story. They got the children, four in all, a fifth attending the local grammar school, out of the house and managed to throw out one feather bed, one mattress and a large trunk. A month's supply of groceries purchased last weekend after payday was also destroyed as the house was burned to ashes.

Residents of the house were Mr. and Mrs. Lige Neeley of Oklahoma and three children from 2 to 7 years of age and Mr. and Mrs. L. V. Wood and two children, 4 and 7. The men were working at the Bailey and the Robinson ranches at the time of the fire and did not learn of the catastrophe until they returned home from work. The alarm was answered by the Mission San Jose fire department but the old wooden building was too far gone to save. The well on the ranch is dry and the families had been carrying water from stores and filling stations a quarter of a mile away.

CHAMBER MOVES TO OBSERVE FLAG RULINGS

**LOCAL BODY WILL NOT
RAISE NATIONAL COLORS
FOR FUNERALS OF
PRIVATE CITIZENS**

Pursuant to discussion engaged in at the Monday noon luncheon of the Niles Chamber of Commerce at the City of Florence restaurant regarding laxity of the body in heretofore half-masting the city's flag during the funerals of certain local citizens, attention was called to the regulations issued by the United States Flag association.

This regulation, which also appears in the Boy Scout handbook states that: the national colors should only be half-staffed for national mourning. If a state, city, society, lodge or club wishes to honor the memory of one of its departed such unit should half-staff its own state, city, society, lodge or club flag, but NEVER the Stars and Stripes, except when appropriate to an individual for whose passing the nation mourns.

Upon motion by Walter Wayne-flete, seconded by L. J. Duffey the membership voted unanimously that hereafter the Niles Chamber of Commerce would strictly follow these regulations, and half-mast the national colors only on occasions of nation-wide mourning.

Editor's note: for the information of store-keepers and private citizens who are displaying their flags today (Flag Day) any American flag which is placed in a window or on a wall, in the absence of a staff, should always have the blue field (the starry part) appear at the LEFT as one faces it.

GETS TEN DAYS

Francisco Gutierrez, 20, of Salinas was sentenced to 10 days in the county jail after admitting to Judge J. A. Silva that he was driving 75 miles an hour, cutting in and had no driver's license. He said he was "trying out" the car which he had had only two weeks and had not secured a license because he could not read. He was arrested by Captain Louis Eike of the California Highway Patrol.

THE VALOR OF FRANCE

"Britain will fight to the last Frenchman" predicted Adolph naively many months ago. His ironic prediction is now being enacted.

For the THIRTY-FIFTH time in the past thousand years the French are fighting for the preservation of their national existence against their ancient and dishonorable foes: the Huns, the Teutons and the descendants of the Goths and Visigoths.

Brave France! A nation only the size of Germany, with commensurate population and resources, ALONE bearing the full brunt of the full Nazi attack. The world—which should marvel—more or less takes France's soul-stirring resistance as a matter of course.

"Mother England"—poor woman! With 500,000,000 people to call upon she manages to raise only a paltry 300,000 men for her one expeditionary force—sends it all into Flanders . . . with ALL their thousand field pieces and ALL their mechanized equipment . . . is put to rout and has to scurry to save her men—all but 30,000 killed, missing or unreported . . . and abandons all her heavy pieces of equipment.

Several weeks have passed and she has not yet managed to reorganize her bruised first B.E.F., nor even muster up a second one. So France bears the brunt alone—receiving aid, valorous aid, only from the Royal Air Force.

One wonders why England looks so heavily to the United States for succor? Why doesn't she look to her own colonies in the Canadian, Australian, South African and Indian empires? One reads nothing of fresh troops being rushed from these distant lands to aid the Mother Country. After all, THEIR country is at war—not ours (yet.)

Adolph's dream of capturing the French and British fleets is a laugh. Not while a single warship of either nation has fuel or ammunition will so much as ONE vessel fall into the hands of "der fearer".

What has he got to capture either navy with? His own poor navy was badly battered in the battle of Skagerrack. Would either France or Britain, even though their nations were conquered, voluntarily surrender their great fleets—which then would represent their one avenue of escape, to Canada, Australia or South Africa? Knowing that in such an unthinkable surrender their own fleets would be used to finish them off?

Why not call Adolph "der fear-er"? Has it occurred to anyone that Germany, following the diabolical lead first instituted by the Japanese in 1932, followed by Italy in 1936, has NOT declared war on anybody? Hitler hasn't the courage, for he knows he is in the wrong. If he ever had a conscience, he couldn't face it now. Let Christians everywhere hope for a Day of Reckoning.

A year ago a German division consisted of 15,000 men. (In the last war a division included 40,000 men.) This week's dispatches tell of "20 new divisions of 200,000 men" being hurled into the Somme battle. A division now consists of 10,000 German men and youths: showing that Germanys sol-

diers are one third fewer than they were a year ago.

Obedience to his orders to "proceed regardless of cost" is costing Germany staggering, unbelievable losses every day. Two thirds of his stukas (dive bombers) have vanished; more than a third of his tanks.

.. Hang on, France! "On ne passe pas" as in the last war!

Niles business people and residents seem to appreciate the pruning of the heretofore unsightly big acacia standing outside The Register office. Thanks are due to District Foreman Joseph Gomez and his crew for a much-needed civic act.

"GOOD NIGHT!"

Hitler officially advised the United States recently that "he had no designs against the Western Hemisphere." He forgot to add: "until he gets some way to make his non-designs operative".

As a "luller-to-sleeper" that's a corker . . . happily we are all now afflicted with defense-insomnia.

— ww —

Says official Germany to France: "we really have nothing against you" . . . omitting mention of some two million fighting soldiers. What ails that guy Hitler?

For Your Encouragement

The following items, gleaned from the daily press of the past week are highly significant in helping us arrive at a clearer understanding of fast-moving world events, and are published for your information AND ENCOURAGEMENT.

CHICAGO, June 8—Official estimates on domestic wheat production will be in the neighborhood of 240,000,000 bushels, THE BEST PROSPECT IN TWELVE YEARS.

TRENTON, N. J. June 8—In a move to lower state relief costs and increase Army enlistments welfare officials were ORDERED today to REFUSE RELIEF to men eligible for military service.

ATLANTIC CITY, N. J. June 8—Senator Pepper, (D. Fla.) answered Mussolini's stooge, Virginio Gayda by saying "Mussolini had better pause before he commits an unforgivable sin against man's God: every man or nation which in the past has alighted itself with enemies of the Christian God and the brotherhood of man HAS PERISHED."

New York Times—This sublime thing (courage) in the soul of free men Hitler cannot command, OR ATTAIN, OR CONQUER. He has crushed it, where he could, from German hearts. It is the great tradition of democracy. It is the future. It is VICTORY!

MOSCOW, June 5—A Soviet Labor newspaper said "there are reasons for believing that the United States will not remain impassive to the European war: much will depend on how the American economic organization will be thrown into the balance, and this may decide the result of the war."

(History records the United States had something to do with the outcome of another European war 22 years ago.)

LONDON, June 5—There is a SOUTHERN British Expeditionary Force, made up of some of the finest units of the British army. It is in active contact with the enemy on a small part of the long French front. It has ample supplies . . .

WASHINGTON, June 6—The entry and travel of aliens were placed under drastic restrictions by a State Department order, which bars admission to the United States to all foreigners unable to prove "legitimate purpose".

WASHINGTON, June 8—(Ray Tucker's column.) Washington officialdom cannot afford to admit it, but the highest and humblest members DETEST Mussolini (Muscle-ini) even more than Hitler, if that be possible. The most kindly epithets they apply to "Ill Duce" are "jackal" and "vulture"—the two animals which arrive only when the prey is dead.

The Roosevelt Administration has made no secret of its hostility toward Germany, Russia and Japan. Though we still maintain ambassadors in those countries we have virtually

severed all commercial and diplomatic relations with them.

.. All of which, pieced together, will reach from Here . . . to . . . There. — W.W.

ANOTHER WEEK'S DEVELOPMENTS, THERE AND HERE

The fast-moving events of the past two weeks, not the least of which was an official Italian "press" warning to the United States to "keep out—or else"—has fanned the war spirit in the hearts of American people to about the same pitch we were in in April, 1917.

A republican congressman, who last week accused the President of inciting us to war might as well doff his senatorial toga and apply himself to some occupation to which he is better suited.

Our President—like the dictators and others—is only a pawn in the hands of the powers-that-be: he has no more choice in what he is now doing than the late President Wilson, elected on a platform of "keep us out of war", had to say about the temper of the American people after the unwarned the unwarranted sinking of the Lusitania.

If war is to come The Moving Finger has so written it; all we can do is gird ourselves to meet it as quickly as possible.

In your scribe's opinion F.D.R. has made a mistake in contemplating conscription of youths 18 to 21 just out of school. He could get half a million volunteers from much older men just by asking for it. Soldiering is an excellent occupation for unemployed, among others,—particularly those who are weary of the too-domestic scene.

Three-quarters of Germany's stukas (dive bombers) were reported destroyed last week. The French on their smart flexible "Weygand line" reported 400 German heavy tanks definitely destroyed, BY COUNT. The French relate the slaughter of German forces is "unbelievable."

Carry on! and kill some more. There's such a thing as beating the unspeakable nazis to their knees. The quicker they spend what they have the sooner they will have to cry "Kamarad!"

The "Ladies from Hell" (kilted Scotch troops) upon their safe return from the Flanders battle, reported driving German troops six miles in flight at the point of bayonets. "They can't take cold steel; neither could their fathers in the last war." —So much for the Nazis' "courage"—when they are safely cooped up and moving fast in airplanes, tanks and armored cars.—In hand to hand fighting they aren't there and "de-plore" being shot at by such "scum" as the French colonial (colored) troops. One wonders if the Huns refrain from shooting at these troops?

Much to-do in Berlin because one five year old child was killed by the British bombing of Hamburg.—What about the 29 school children killed in the Germans' first attack on Paris? Perhaps word of it has not reached "der fear-er's" ears. (He fears defeat, knowing that when his mad career ends, reason and peace will reign instead of the gestapo and terror.)

Russia is showing surprising restraint under the present inflamed conditions. Perhaps her Finnish adventure gave her pause to consider just what a first rate power would do to her unthinking hordes-under-arms.

Mussolini now seems to be leading with his renowned chin.

Perhaps he too needs some military defeats, from a first-rate power to show him that might isn't right.

Just at present the valiant French alone are holding the line for all civilization. Dame Britain is catching her breath . . . she'll be in it again. And after Britain—?

— ww —

P.S. The German 'die' in our language means 'die'—We hope that refers to Hitler.

deal of punishment from Italy, when rather than "if"—particularly in the Rhone Valley, heart of her airplane industry, but Weygand the Stout-Hearted feels the Italians can be checked, both in France and in Africa.

The British Admiralty, by the way, regards the Italian fleet as a "trifling annoyance."

Constantine quotes Weygand to say "the Allied situation has improved, notwithstanding tactical reverses, because the Germans have sustained terrific losses. To their commanders the loss of men is of little consequence; but the loss of latest model tanks and airplanes, and especially of parachutists, fliers and personnel is keenly felt in Germany."

As pointed out in these columns some weeks ago: each German killed is one less to reckon with—and there are only so many of them, all told.

The mystery, in this writer's opinion is: WHY the Huns have not FORCED the troops of conquered nations to fight with and for the nazis?

Not good enough in the nazis' opinion.

Hitler's peculiar allergy to Aryanism and racial purity WILL prove his Achilles' heel, and the war WILL end by attrition and exhaustion.

— ww —

DISAPPOINTING—The President's address made Monday afternoon at the commencement exercises of the University of Virginia did not contain the promised "startling announcement." He discussed his efforts to keep Italy out of the war—and Italy had marched to war that morning.

He was rousing cheered, however when he said we would aid

the Allies to the limit; that we should pray for success for French arms, and that we would rearm with all speed.

— ww —

ORCHIDS!—From Mr. Parks, who surely knows this field: "You're doing a wonderful job of news coverage—a wonderful job. The paper surely shows a lot of improvement." (Mrs Williamson and five bully correspondents, take a bow!)

From one of our correspondents: "Mr. W. I did something last week I have not done for years: I read The Township Register through from cover to cover, and I'm going to read all of them thoroughly now."

From a local man: "I enjoy your editorials very much. You have the right viewpoint."

From a lady at Irvington: "I hope you can get your subscription bills in the mail soon. We like to keep our paper paid up and I know other people do too." (My wife is getting subscription bills in the mail now.)

From a Centerville subscriber: "I've taken The Township Register for years and for the first time I'm reading it now. My wife likes the pictures, too."

—Thankee folks, thankee! — W.W.

HONOR—Finland, or what's left of it, is arranging to pay its last world war debt installment of nearly \$160,000 this month, to the United States. For sheer valor that's a corker. However, a congressman has introduced a bill to waive this and the next payment, and we hope Congress passes this bill.

Considering Finland's desperate plight "Uncle Shylock" should do the noble thing just now.

ALLIES—Some bright soul has pointed out the United States would do well to join its Allies while it has any Allies to join . . . And that's a mighty potent thought!

— ww —

VISION—Walter Lippman's column of opinion appearing in daily newspapers is followed rather closely by local readers. Mr Lippman's views seem circumscribed, a bit myopic and too much on the down side, with Raymond Lawrence beating the same semidismal drum.

I'll take Constantine Brown—veteran European resident and observer whose columns have been running for years in metropolitan newspapers.

Brown, who has evidently had a recent interview with that magician, General Weygand, isn't a bit depressed about things. Says he: "The Germans already have moved in on France's industrial area in the north. What then? They did the same thing in the last war and France won."

WARM SPRINGS SCHOOL GRADUATES EIGHT AT EXERCISES TUESDAY

WARM SPRINGS—An address by County Superintendent Edgar E. Miller featured the graduation exercises of the Warm Springs Elementary school held in the school auditorium here Tuesday evening.

Poster awards were made by Trustee Edwin Sarmento, athletic and scholarship awards by Board President Frank Gomez. Diplomas were presented by J. S. Brown, clerk of the board to the following graduates:

Tomiko Hase, Sumi Kato, Feliciano Galvan, Alvin Silva, Clarence Terry, Joe Galvan, Alexander Molina and Tony Maciel.

A three act comedy entitled "Duding for Ducats" containing a large cast, was well received by the audience. Musical selections were offered by Barbara Ramos, Beverly Wirz, Annabelle Vargas and Leonard Perry.

BLUEBIRD CLUB HAS BUSINESS, SOCIAL MEETING

NEWARK—On Tuesday evening, June 4, the Bluebird Club met at the home of Lida Francis. A short business meeting was held. President Mary Duarte then stressed the necessity of helping the American Red Cross, and a motion was made that \$10.00 be donated to the Red Cross. Individual member donations were also made. After the meeting an hour of cards was enjoyed, first prize being awarded to Mable Callow, second to Elsa Mikkelsen, and consolation to Mildred Blacow.

The hostess then requested that all be seated at a prettily decorated table where all partook of lovely refreshments. The color scheme throughout the house in floral and table decorations was red, white and blue, and each member was presented with a small silk flag on a gilded stand. Two pleasant surprises were enjoyed during the evening, first the presence of Mildred Blacow, charter and honorary member of the club, who is spending a short vacation with her sister Mrs. Norval Turnbow at Irvington; and second the reading of a long letter from Mother Bluebird (Mrs. Dora Greb) and the presentation of a little package to each member, containing a pair of lovely crocheted dolls, the work and gift of Mother Bluebird.

The July meeting will be dispensed with account vacations. The August meeting will be held with Elsa Mikkelsen. Those present were President Mary Duarte, Elsa Mikkelsen, Violet Manley Crowley, Beatrice Miller, Frances Turnbow, Mildred Blacow, Mabel Callow, Marie Dutra, Rose Santos, Emily Reider and the hostess Lida Francis.

1927 LICENSES REVOKED JULY 1

SACRAMENTO—"SPEED UP!" This was the advice given today to more than 300,000 California motorists by Joe Mattson, director of the Department of Motor Vehicles.

Mattson does not urge drivers to increase their speed on the highways, but rather to increase their speed in renewing their 1927 "good until revoked" drivers' licenses which have been cancelled effective July 1.

"Departmental records show that approximately 400,000 persons held 1927 licenses on the first of this year," Mattson said, "while to date fewer than 70,000 have been renewed. They have been cancelled as of July 1 this year, and unless their holders 'speed up' they will be operating their cars with cancelled licenses in less than 16 days."

So—a partial unpacking and they are camping in the home they have occupied for the past 15 years, waiting for the movers to move. The pulpit here is being supplied by visiting ministers until the new pastor is appointed.

USEFUL—H. Ford of Dearborn, Michigan, declined to post the blue eagle of the infamous NRA on his premises some years ago—when the blue "buzzard" was shadowing all industry with its wings.

One Hugh Johnson, then NRA administrator was going to "crack down" on the said Mr Ford. General Johnson got removed from office instead. Since which time ardent New Dealers have been lambasting "rugged individualists"—of which Henry is the chiefest—as undesirable citizens, or something.

Comes now the same H. Ford to advise the President he can turn out 1,000 planes per day PRO VING he is spared "any government interference."

The administration, which has done its best to hamper and hamstring individual enterprise and "rugged individualism" for the past seven years now finds H. Ford and other industrial leaders

STRIKES—It is to be hoped preparedness activities throughout the United States will put a definite STOP to these infamous strikes of workmen, who should consider their service to the public—who make their living possible—is of far greater importance than their own petty strife.

It would seem that wage-increases can be secured without robbing the public of the service of truck drivers and house-movers—For my part I did NOT enjoy carting 80 pounds of newsprint from the freight depot on my back last week—while my wife was away with my car.

Christian Science Churches

"God the Only Cause and Creator" was the subject of the Lesson Sermon Sunday, June 9, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text was: "Ah Lord God! Behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee" (Jer. 32: 17). Other Bible citations included: "Happy is he that hath the God of Jacob for his help, whose hope is in the Lord his God: Which made heaven, and earth, the sea, and all that therein is: which keepeth truth for ever:" (Ps. 146: 5, 6).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The divine Principle, or Spirit, comprehends and expresses all, and all must therefore be as perfect as the divine Principle is perfect. Nothing is new to Spirit. Nothing can be novel to eternal Mind, the author of all things, who from all eternity knoweth His own ideas. Deity was satisfied with His work. How could He be otherwise, since the spiritual creation was the outgrowth, the emanation, of His infinite self-containment and immortal wisdom?" (p. 518).

The committee was instructed to communicate with the Highway Department for more details. The entertainment committee with Charles Gillispie as chairman made a promise that they would have some entertainment and refreshments for the next meeting to be held at Silva's hall on June 18.
